**EXCLUSIVE:**

A shocking new video has emerged of NHS Doctor Rahmeh Aladwan.

At a racist gathering in London on 21 June last year featuring Roger Waters and the rapper Lowkey, she made a throat slitting gesture at anti-racist protesters.

This may be of interest, @MetCC, considering the article/evidence from this weekend and previous actions.

See the Aladwan thread. 🧵

There are 136 Jewish schools in Britain, many of which are funded by our taxes, where 36,064 British Jewish children are taught that they are superior to non-Jews, that they have the right to colonise Palestine, and are groomed through birthright trips to become colonisers, upholders of apartheid, and genocidal IOF terrorists.

Calling them Zionists instead of Jewish supremacists only helps the mass murder continue.

46% of jews in the world are colonisers of Palestine. Over 90% of jews in the world support apartheid, genocidal, rapist 'israel'.

It's also the fucking 'Jewish state'. So no, Jews don't get to dodge accountability while it slaughters in their name. This genocide isn't happening in a vacuum. It's fueled by decades of entitlement and supremacy. Jews must take responsibility and realise the world recognises their foundational and central role in this holocaust. Not because we're pleading for moral awakening, but because we want the killing to stop.

Jewish communities need to stop teaching supremacy and extremism or that jews have a right to colonise Palestine. Rabbis need to reject the Amalek commandment and the notion that non-jews are lesser than goyim. Synagogues need to stop funding the terrorist IOF.

[continues on next page]

Without Aliyah trips and settlers, there would be no settler colony and no IOF.

If Jews want to be seen as separate from this horror, they need to stop perpetrating it. Until then, the world sees what they are doing, and no amount of deflection, rebranding, or moral posturing will change that.

**Charles Augustus** @flapdoodle91296 · Jul 12

Can't you just say "Zionists" instead of saying "the Jews"? You make it sound like all the Jews in the world were involved in the crime, but in reality, it was a select bunch of Jewish people who wanted to steal Palestinian land. The word for those kind of people is Zionist.

James told the truth.

The outrage is because no one is allowed to say anything bad about jewish people or they get attacked, threatened with their jobs and livelihoods and slandered as 'Anti-Semites'.

It's called jewish privilege and it's dangerous. Where is free speech?

I am not suicidal (suicide is haram) or reckless. If anything happens to me, I blame the genocidal UK pro-'israel' lobbies and media, doxxing groups, and jewish supremacists (zionists) who have engaged in a sustained campaign of inciting hatred and violence against me over the last two years. (These include: GnasherJew, UKLFI, CST, Board of Deputies of British Jews, Campaign Against Antisemitism, Jewish News, Jewish Chronicle, Jewish Medical Association, Heidi Bachram, Arsen Ostrovsky, Andrew Fox, Emily Schrader, Dr Miriam Green, Sabrina Miller, Starmer Sycophant, Nicole Lampert etc)

Sensitive information was previously shared on their posts which resulted in police involvement. People have commented on their posts saying they are disappointed that I'm still breathing and recently, that I should be treated as an enemy combatant.

I am simply a part-Palestinian British doctor who wants the genocide in Gaza to end. I have never harmed anyone, and I am using my freedom of speech, which is a human right.

I will not stop. But if anything happens to me, I blame Britain (Government, including Health Secretary @wesstreeting and the @gmcuk) for allowing these groups to operate and by taking on their vexatious and malicious complaints which put British citizens in danger.

Seeing images from Gaza over recent days, of fellow human beings enduring terrible suffering, we cannot but be moved and feel the need to respond to their pain.

While Hamas' persistent disinformation and cynical use of civilians make it difficult to distinguish truth from falsehood, it is abundantly clear that the children of Gaza deserve responsible leadership and a much better future.

If Hamas had shown even the slightest concern for human life and dignity, agreed to internationally brokered hostage deals, or cared for the basic wellbeing of the Gazan population, this war would have been over long ago. Indeed, they would never have started it.

To bring an end to the intolerable pain of this conflict, we must not embolden or reward Hamas. Those who wish to see an end to this suffering must bring the maximum pressure to bear on Hamas, to release the hostages immediately, enable the free distribution of aid, end the suffering and allow the entire region to move towards a chance for genuine security and peace.

I would encourage all who are looking for a secure and tangible way to contribute to the aid effort, to support the work of World Jewish Relief, which is working with trusted humanitarian partners in coordination with Israeli authorities to this end: [worldjewishrelief.org/blog/2025/07/1...](https://worldjewishrelief.org/blog/2025/07/1...)

The IHRA definition is diabolical. It's EMBARRASSING that it exists in Britain because it directly undermines freedom of speech for Brits. Abolish it!

The GMC not only affirmed that I am a Semite—they reviewed all available definitions and gave the least weight to the IHRA's.

**Ed Abrahamson** ✓ @abrahamson\_ed · Aug 16

Replying to @doctor\_rahmeh @lukey\_stanger and 2 others

and you might want to look at list here - the definitions of antisemitism according to IHRA that the UK are signed up to - I will leave it to the GMC to see if they think you're in breach of any of these

Contemporary examples of antisemitism in public life, the media, schools, the workplace, and in the religious sphere could, taking into account the overall context, include, but are not limited to:

- Calling for, aiding, or justifying the killing or harming of Jews in the name of a radical ideology or an extremist view of religion.
- Making mendacious, dehumanizing, demonizing, or stereotypical allegations about Jews as such or the power of Jews as collective — such as, especially but not exclusively, the myth about a world Jewish conspiracy or of Jews controlling the media, economy, government or other societal institutions.
- Accusing Jews as a people of being responsible for real or imagined wrongdoing committed by a single Jewish person or group, or even for acts committed by non-Jews.
- Denying the fact, scope, mechanisms (e.g. gas chambers) or intentionality of the genocide of the Jewish people at the hands of National Socialist Germany and its supporters and accomplices during World War II (the Holocaust).
- Accusing the Jews as a people, or Israel as a state, of inventing or exaggerating the Holocaust.

[continues on next page]

- Accusing Jewish citizens of being more loyal to Israel, or to the alleged priorities of Jews worldwide, than to the interests of their own nations.
- Denying the Jewish people their right to self-determination, e.g., by claiming that the existence of a State of Israel is a racist endeavor.
- Applying double standards by requiring of it a behavior not expected or demanded of any other democratic nation.
- Using the symbols and images associated with classic antisemitism (e.g., claims of Jews killing Jesus or blood libel) to characterize Israel or Israelis.
- Drawing comparisons of contemporary Israeli policy to that of the Nazis.
- Holding Jews collectively responsible for actions of the state of Israel.

**Antisemitic acts are criminal** when they are so defined by law (for example, denial of the Holocaust or distribution of antisemitic materials in some countries).

**Criminal acts are antisemitic** when the targets of attacks, whether they are people or property – such as buildings, schools, places of worship and cemeteries – are selected because they are, or are perceived to be, Jewish or linked to Jews.

**Antisemitic discrimination** is the denial to Jews of opportunities or services available to others and is illegal in many countries.

To be anything but anti-Zionist is a genocidal position. The very existence of 'israel' is genocidal; it always has been. This is basics.

Requiring that our representatives identify as anti-Zionist (anti-genocide/anti-'israel') is a fundamental, non-negotiable demand. No exceptions. No excuses.

Not even for [@jeremycorbyn](#).

And yes, we must know where they stand before they get our votes.

We are 23 months into a Holocaust. If the blood of hundreds of thousands of Palestinians; the increasing oppression of Brits; and the subversion of our governments meant anything, we wouldn't have to ask.

The fact that we are asking is a damning indictment. That is the most worrying part of all.

Dr Rahmeh Aladwan

@doctor\_rahmeh

The UK 'israel' lobby has pressured my government and medical board into referring me to a tribunal hearing to try and suspend me for opposing genocide. This is Britain. We are occupied.

Hi. My name is Rahmeh. I am a part-Palestinian British NHS doctor. I am facing the suspension of my medical licence. This is not the result of any professional failure, but the outcome of a coordinated lobbying campaign against me because of my public stance against the genocide in Gaza being carried out with my tax pounds.

I march—having attended over 300 protests in the last 23 months—advocate and educate online, and have taken direct action.

For this, the 'israel' lobby has:

- defamed me in the papers
- complained to my medical board (@gmcuk)—resulting in a nine-month investigation that I won
- held my career back by two years
- had my Instagram suspended
- threatened my family and friends,

and complained to the GMC again. Dissatisfied that I continue to advocate, they pressured the British government and the GMC to refer me directly to an Interim Orders Tribunal (IOT) (@the\_mpts) to try to suspend me and revoke my medical license, bypassing the normal investigative process by claiming it is 'in the public interest'.

Their goal is to force me into silence by taking my career and income.

[CONTINUES ON NEXT PAGE]

I have lost more than 50 friends in Gaza. My friends have had 20 to 100 members of their families murdered by the IOF.

Our careers are not worth more than Palestinian lives. 'israel' bombed a hospital twice, live on air, murdering journalists and medics—this very week. My friend, a medical student, was thrown across the hospital by the blast but thankfully survived. The IOF have slaughtered over 1,900 Palestinian medics.

The UK 'israel' lobby is trying to suspend me because I am against its genocidal entity and the jewish supremacy (zionism) that empowers this lobby to do this to me and my fellow Brits. My British Health Secretary, [@wesstreeting](#)—who has taken £70,000 from the lobby—regularly meets with them but refuses to meet British healthcare workers. He even blocked me on Instagram after I tagged him in a post asking for a meeting to address these attacks.

If they suspend me, it will be to shield 'israel' at the expense of the British public. I'm not the first and I won't be the last doctor they have done this to.

We must free Britain from the corrupt influence of the 'israel' lobby, which undermines our freedom, our democracy, our sovereignty, and our humanity.

There is a special place in hell, and a bloodstained chapter in the history books, for the doctors, firefighters, and journalists who chose silence on Gaza. That chapter is titled: While they bled out on hospital floors, screamed from beneath the rubble, burned until their lungs could no longer carry oxygen, and held up the decapitated bodies of their children for the world to see — we turned away. We chose cowardice. We abandoned integrity. We lost our humanity.

Leaked—>The person who reported me to my medical board ([@gmcuk](#)) for my pro-Palestine activism is Dr. Justin Stebbing—previously suspended for mistreating cancer patients and for inappropriate conduct with a female patient.

Stebbing is a British Jewish oncologist and cancer and COVID-19 treatment researcher at Imperial College London with a Harley Street private practice.

The accusations against Stebbing were:

- Providing unnecessary private treatment at the end of life to 12 patients
- Failing to discuss the benefits and risks of treatment
- Failing to maintain professional distance with a female patient, exchanging "flirty" emails where he called her 'Little Miss Trouble', with messages accompanied by kisses, "love to LMT," and "good LMT"

He initially denied 30 of the 36 charges against him and was found guilty on three further counts.

MPTS ([@the\\_mpts](#)) panel chair Ms. Margaret Obi called for his erasure from the medical register, stating he showed "persistent dishonesty" and no remorse.

Sharon Beattie, QC for the GMC, agreed and expressed concerns about an "ongoing risk" to patient safety due to his "persistent dishonesty," which he had attempted to cover up.

Yet he avoided being struck off.  
Why?

- He argued that his work is invaluable
- Celebrities and scientists came to his defense
- The press (including the Daily Mail) supported him, calling him 'God'

[CONTINUES ON NEXT PAGE]

Prof. Stebbing's QC, Mary O'Rourke, argued that his dishonesty occurred during "one of the worst periods of his life" while he was suffering mental health problems.

She claimed Prof. Stebbing had not taken on the 12 patients "for money" but for the "greater good," adding that "he didn't kill anybody."

-

This is the person who reported me and my public activism in support of Palestine and to end the genocide, initiating a second investigation in hopes of getting me struck off.

He accused me of being 'Anti-Semitic'.

This is jewish supremacy (zionism).

This is the double standard.

This is Britain.

My response to the email from my medical board (@gmcuk) letting me know they will argue to have me suspended or place conditions on my practice due to my pro-Palestine activism before an employment tribunal:

Dear J\*\*\*s M\*\*\*\*n,

I am not surprised that the GMC has caved to the UK 'israel' lobby. It is shameful that you are persecuting me for perfectly legal political speech and speech that is advocating for an end to the Holocaust of Palestinians.

Can I ask who the 'senior decision maker at the GMC [who] has reviewed the case and has decided that an IOT referral is required in the public interest' is?

Is it Mr P\*\*l Sh\*\*\*\*n, the Assistant Registrar, Fitness to Practise Directorate in the attached letter?

Let me make this clear: as my fellow Palestinians are being massacred, tortured, starved and raped, what you are doing right now to silence me is dishonest. These allegations of 'Anti-Semitism' and support for terrorism are baseless.

This is corruption.  
This is participation in genocide.  
This is a stain on the General Medical Council.

This will be publicised.

We will resist the UK 'israel' lobby and as long as you ally with them, we will resist you too.

**[CONTINUES ON NEXT PAGE]**

Shame on the GMC.

We will fight. We will win.

End the Genocide.

Free Palestine.

Dr Rahmeh Aladwan MBChB, BSc (Hons)

Al-Qassam are 23 months into fighting the genocidal IOF— resisting while starving, besieged, and barefoot in the world's first ever televised Holocaust, and they're dropping music videos on the weekend.

Al-Qassam syncing the music to the fall of IOF baby-killing terrorists from 1:38 got me good 😂
